PRESS RELEASE
Brussels, Belgium
1st October 2018**

EUROMCONTACT Clinical Reports were presented at the EUROMCONTACT Workshop on Clinical Aspects of Medical Devices Regulation in Brussels on 26th September 2018- and are now available for purchase

On 26th September 2018, EUROMCONTACT run for its members a Workshop on Clinical Aspects of the Medical Device Regulation. The workshop was attended by more than 30 regulatory affairs experts from the membership, and featured presentations from the European Commission and Notify Bodies' TEAM association. The European Commission presented the main changes for clinical aspects under the MDR and the latest developments on future guidance documents, while NB TEAM presented the expectations of the Notify Bodies when it comes to auditing tech files of manufacturers. Presentations were followed by exchange of views with the participants and questions and answers.

In the second part of the workshop, BizzAffairs presented the Clinical Reports developed for EUROMCONTACT and the method for manufacturers to develop their own clinical data to complement the literature search. The Clinical Reports, which cover astigmatism; presbyopia; Ortho K; irregular cornea and ametropia, are now available upon request at the EUROMCONTACT Secretariat.
